

# GFL 6-2

## Forklift attachment

Turn your forklift truck into a mini truck-mounted crane thanks to the GFL 6-2. Thanks to this system, you are able to use various equipment with your forklift truck, such as a polyp grab, open shell grab, load hook, etc.

As an option, it can be supplied with a 24-volt valve. for an extra oil channel. This is necessary if you also install a hydraulic rotator.

Type	Weight	Capacity	Min. forklift power
GFL 6-2	160 Kg	0,6 Ton	2 Ton
