

# RBRPEZ

Driving plate clamp

The RBRPEZ is specially designed for loading driving plates up to 2 meters wide. This plate clamp was designed using the BDVEZ as a base which means that a lot of the spare parts are identical making them interchangeable. The arms are made from high quality wear resistant steel.

**Accessoires:** suspension plate, rotator, Hoses, Link

Type	Max gripping width	Min gripping width	Weight	Max Oil Flow	Max Capacity	Max working pressure
RBRPEZ 200	2120 mm	350 mm	485 Kg	40L/Min	3500 Kg	250 Bar
